Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Sunday 17 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Showery in the north. Mostly dry elsewhere.

Today:
A mixture of sunny spells and showers. The showers becoming mostly confined to northwestern parts with a longer spell of rain for Scotland this afternoon, whilst southern and eastern England become mostly dry. Windy in the north.

Tonight:
Southern and eastern parts staying mostly dry with clear spells, and turning chilly in places. Windy in the north with further rain or showers, mostly for Scotland and Northern Ireland.

Monday:
Northern parts continuing to see sunny spells and blustery showers. Southern areas starting off mostly dry before cloud and rain arrives from the southwest later.

Outlook for Tuesday to Thursday:
Rain, heavy and prolonged in places, throughout Tuesday and Wednesday. Brighter, colder conditions in the north, with wintry showers will spread south to all regions during Thursday.
